02 JUNE 2022

## PRINCIPALS PAGE

Kia ora e te whanau,

Another great stride towards normality will be taken this evening when the PTA holds the first disco of 2022. I know the students are bubbling in anticipation and have no doubt been working on some special dance moves that they will bust out tonight.

A huge thanks to the PTA, JJ's Food Truck and to the staff team for the work that has gone into making sure the students have a great time.

Make sure these dates are in your calendar.....

### Teacher only day TOMORROW.

Just a reminder that the school will be closed tomorrow - **Friday 3rd of June**. All of the Tua Marina School staff and a number of staff from other local schools will be spending the day updating their first aid certificates. We look forward to seeing everyone back at school Tuesday 7th June after the Queen's Birthday weekend.

### Matariki

Make sure that you have 6.30am Thursday the 23rd of June in your calendar for our special Tua Marina School Matariki celebration. With the north side of the Wairau Diversion inaccessible we will be holding this year's event near the Rarangi Community Hall. More information to come.

### Welcome back to Mel Bryant

Now that we can hold gatherings inside we are able to restart our choir and kapa haka groups. Mel Bryant will be joining the staff team every Thursday to get the choir and kapa haka up and running again.

### Covid-19

Although things seem quite normal on the Covid-19 front, we are still very aware that there are a few cases of Covid-19 still popping up in the local area - in fact some schools are seeing a second wave of infections starting. The main message from the Ministry of Health is that we remain vigilant around staying home if any flu-like symptoms are shown. These symptoms include, runny noses, sore throats, fevers, nausea, upset tummies and headaches. Reducing the spread of any bugs is even more important as we head into winter.

Thank you to everyone who was able to contribute to the Health and Sexuality consultation. There was some very affirming feedback that acknowledged how much emphasis is placed on keeping students active at Tua Marina School. There was also some great feedback about how we could enhance the opportunities for particularly our senior students to engage in physical activity and challenges within the local environment. Below is a high level summary of the feedback we received.

Question 1- 85% of respondents feel that their children are active enough at school.

Question 2- Acknowledgement of how important team sports are, how it is important to balance competition and success with being graceful in defeat and humble in success.

Question 3- More emphasis on digital safety. Acknowledgement of the wide range of sporting opportunities offered. EOTC learning experiences that promote resilience and perseverance, ie Rock climbing are important. A higher level of challenge for our senior students around tramps and EOTC events, ie Queen Charlotte Track.

Question 4- A couple of questions were asked around the resources we use. Feedback that a small number of whanau did not feel that a great deal was covered in year 7 & 8. A small number of respondents disagreed that their children should be taught about alternative genders.

All of the feedback that we received will be used to shape our Health and Sexuality programmes.

Enjoy your long weekend everyone!

Nga mihi nui,

Bradley

## Resilience *Taikaha*

Means coping  
with challenges  
and bouncing back.

## THE KIWI CAN CORNER

### Resilience / Taikaha

Next up in Kiwi Can we are learning a range of different strategies to help manage our emotions. Strategies might vary from more structured activities such as breathing exercises and yoga, through to going outside for a walk or to kick a ball, reading a book, asking for a hug, squeezing a stress ball, or drawing... Can you think of others that work for your child or whānau?

Why not carry on the learning at home. Have a chat about...

- What are some ways you have learned about in Kiwi Can to get back to feeling calm? Which strategies work well for you?
- When you are feeling relaxed, how do you feel - in your body, brain and heart?
- Can you think of a time when you got really cross or frustrated? Imagine you could time-travel back to that day and see your younger self. What advice would you give yourself?
- If you were a colour today - what colour would you be, and why? What colour would other people in our house be today, do you think?
